

## Environmental Policy

Considering the purpose and context of the organization, and the condition of the environment in which the company operates, the management of Intbuild Concept Sdn Bhd is committed to the continual improvement of the Environmental Management System (EMS), according to compliance obligations, by following the principles and requirements of ISO 14001:2015.

The framework for setting environmental objectives is defined in the Environmental Manual.

All employees of Intbuild Concept Sdn Bhd are acting to protect the environment by preventing and eliminating environmental pollution through:

- Continual education in order to prevent environmental pollution, preserve natural resources, and improve the EMS
- Continual raising of environmental awareness
- Following environmental procedures in order to decrease environmental pollution, reduce waste and consumption of resources
- Compliance with all relevant applicable environmental legislation
- Involve customers, clients, suppliers and subcontractors in the implementation of our objectives

General Manager is responsible for communicating the Environmental Policy to all persons working for or on behalf of the organization and making it available to the public through selected media.
